

## Division 3 Women

1 March 2012

Not a very good day today for div 3, today with just two points won. But, we are still sitting comfortable on the top of the table. The problem was the green were running very slow and we had difficulty with long ends, which of course the opposition played very well. It was their green.

Heather's team went down 23/10. With Beryl Cox playing very well as the lead, as Heather said, at least we got to Double figures.

Jane's team was much the same as Heather's, having trouble with the heavy greens. Which of course as we said, the opposition played very well. Jane went down 24/8.

Jean's team were winners on their green, through the persistence of Jan Brook, Faye Mc Dermott, and Gillian Glenn, who kept on trying, of course Jean put in a few good shots to add to the mix. They went up 18/15.

We had a very good backup waiting in the wings, our reserve Edith Oseman. Thank you Edith for being so patient

..

Cheers Jean.
